

March 27, 2020

To our valued clients,

COVID 19 Update

Due to Covid 19, the Canadian government is recommending the closure of non-essential businesses. The Public Health Agency of Canada and Federal Health Minister provide advice to the provinces, but each province and territory is ultimately responsible for making its own decisions.

Taylor Demers meets the standards set out by the Government of Ontario on Mar 24/20 to be considered an essential business so we will remain open and operating to continue to service your business needs.

Taylor Demers has implemented the following strategies to minimize the spread of Covid 19. All business travel, client visits and tours have been suspended at this time and will be rescheduled when feasible, as the situation unfolds. All staff who are able to work from home are doing so. We are continuing physical distancing practices and there is no entry to our facility for non-essential visitors and contractors. Stringent hygiene practices, as well as increased cleaning measures, have been mandated throughout our facility. Our drivers wear gloves at all times and practice social distancing during all pick ups and deliveries, as well as adhering to specific client Covid 19 policies.

This letter is also posted on our company website taylor-demers.com

The health and safety of our staff, our clients, our suppliers, and our community is paramount.

Taylor Demers is dedicated to doing our part and we appreciate your cooperation in working with us to keep everyone safe and well, during this challenging time.

R. David Johnson – President

Taylor Demers
